Scaling
The scaling and dimensions shown on this drawing may be subject to minor variations as a result of production processes, raw material variances and shrinkage. Grain & Fire Timber will endeavour to minimise the variances where ever possible, but do not accept liability for the impact of any variances out of their control.

Safety
The Contractor / Client is responsible for the health and safety of all persons on site and must ensure all works are carried out in accordance with CDM 2015 Regulations.

Site Conditions
Original information is based on topographical surveys provided by others. Grain & Fire Timber accepts no liability for inaccuracies in third-party data.

The profiles shown are based on 'standard' raw materials dimensions, subject to volume and raw material availability, other dimensions can be produced. Please contact us for further information'

© Grain & Fire Timber Ltd (2026). This drawing is the copyright of Grain and Fire Timber and may not be reproduced, copied, or used for any purpose other than that for which it was originally supplied without written horizontal consent.

This drawing is to be read in conjunction with all relevant Project Specifications and related consultants' drawings. Do not scale from this drawing. Use figured dimensions only. Any discrepancies must be reported to the originator immediately
